

WEBINAR

GOING BEYOND COMPLIANCE: HARNESSING THE WIND TO MEET IMO'S EEXI REGULATIONS AND INCREASING DEMAND FOR HIGHER ESG STANDARDS

Date: Wednesday 8th September 2021

Time: 13:00 BST/ 14:00 CEST/ 15:00 EEST

How can the design and installation of Rotor Sails and other clean technologies help meet known and unknown regulatory drivers and future-proof the global fleet?
